Business Manager - - - - - Janet Wendland  
Financial Secretary - - - - - Bonnie Carter

OPPORTUNITIES UNLIMITED! A phrase which should stir the hearts of all our young students of today. The progress which our nation has made in the past fifty years will be even more so. Who has made all of these discoveries possible? Young people who took advantage of what was offered to them by their schools and communities. People who seriously considered what area they would most like to work in and applied themselves to the tasks which confronted them.

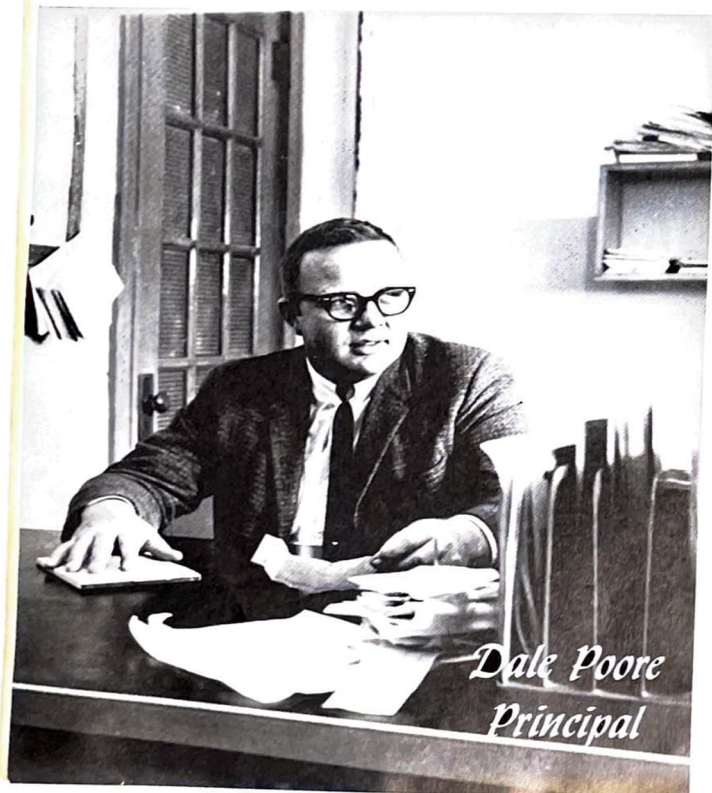

I sincerely hope that our young people of today will continue in the traditions that our country has established and keep us a leader among nations.

I also want to congratulate and wish the best of luck to the graduating seniors of 1965. You have reached the first plateau on the trail to success. Make use of what you have learned and you will have OPPORTUNITIES UNLIMITED.

Sincerely Yours,

## *Administration*

As Demosthenes said, "No man can tell what the future may bring forth." This statement was never more true than in this era. We have strived to train our students, so they will be ready for the challenges of the future--regardless of what it "may bring forth." My wish is that you seniors may enjoy your full share of the good things in life.

Good Luck,

FAMILY

## *Arapahoe Chapter*

- TOWARD NEW HORIZONS -

This F. H. A. motto is a challenge to the members of our newly formed chapter at A. H. S. It reminds the members that their contributions to home life today will influence the kinds of homes they will have tomorrow; and that the family life of members will influence the community and the world.

R. MORSE - Pres.

The Student Council is the government of the student body of Arapahoe High School. Aside from these executive duties, it performs the function of a mediator between the administration and students. Various social and moral codes are set and maintained by this group as the standard code for all students.

During the past year, these representatives have supported many activities, and it is hoped that, in the future, groups such as these will continue to be as effective.
