Football for Arapahoe High School has been a tradition in the past and present years. Football in 1973 at Arapahoe found hard-working, willing football players who set out to win the RVL Championship. They had pride, determination, and spirit night after night in practice and at games. Coach Pedersen utilized the wishbone formation which was awesome and powerful. Each Warrior game showed hustle and the confidence to win. Players of this magnificent season will remember and dream of their accomplishments.

Monday night during regular season play for AHS volleyball girls meant a night of tension, vigorous games, and usually victories. The Warrior-team girls completed a 10-2 overall record with their only defeats coming in two late-season tournament games. The team, achieving a higher rank than any previous years, left district play in the runner-up position. A definite loss to the team will be seniors Paula Cumpston, Sarah Emmett, Roxilana Hays, Pam Hammond, Vicki Polston, Kim Shaffer, and Karen Ziebell. However, with returning underclassmen and a much improved B-team (4-4) record, the Warriors look forward to another winning season.

They sure do run in the Pennywinner family--and how! They not only run but they jog, do push ups, and they all do their part to make the Pennywinner household a veritable gymnasium. All of them, that is, except Mom and teenager Peggy who feels that life cannot revolve around athletics just because Dad coaches the Central High Frogs.

Dad's football teams have lost 25 straight and play arch-rival Northview on Friday night. Mrs. Speel of the Boosters Brigade insists that Coach Sam get the axe if the Frogs lose to the unbeaten Nomads, and Principal Gilley hints that Sam should quit coaching and head the physical education department. The Nomad attack is led by Alexander the Great, and onto the scene comes Alexander who, it's learned, is a member of the Northview team. Coach Sam assumes he's a spy, and decides to fight fire with fire. However, the "fire" he chooses is Pat, who is their 18 year-old daughter and is determined to be the new woman's wrestling champ. Now Pat is about to embark upon her first date with Alexander. In fact, Sam is so confident of victory that he agrees to resign if the Frogs lose. But later (1) it's discovered that Alexander is a member of the Northview team, all right--but the debate team; (2) Spook, the Frogs star player, is tackled by the porch swing and lost for the game; (3) Buzz, one of Coach Sam's sons, is derailed with a virus and (4) doom and gloom reign as coach Sam submits his letter of resignation.

Through visits from one of Sam's former athletes, Peggy realizes there is much more to athletics than meets the eye. In fact, Peggy herself hilariously manages to save the day--and the game--as she and Mom ultimately decide. "If you can't beat 'em join 'em."

# RVL

The 1973-74 season was a good one indeed. The team set their goals and accomplished them. After getting off to a slow start, they took their hardships going into the Mid Valley Tournament. After a 4th place at MVL, the team was off and running. They placed 1st in RVL, 1st in District, won their Regional, and placed 2nd in the state tournament. They finished 3rd in the final poll. The highlight of the season was when the team qualified for the state tournament. It was a great experience for all; the team and the fans alike.

## Champs

The 1973-74 wrestling season was an exciting one, as well as a very rewarding one. We extended our undefeated season to 22 straight dual wins, won the RVL Conference Tournament, and all other tournaments we were in. Sending 9 individuals to the State meet has got to be the highlight of the season. These boys worked hard for that big step. It was heartbreaking to lose the State meet by on 1 1/2 points, but everyone was very proud of our individuals that competed at the State Meet. Everyone in school had a "Proper State of Mind" to win a Conference Championship.

F.H.A. members had a busy year with many profits. The Freshmen started off the year with a BANG when they were officially initiated into F.H.A. When the school year got started, so did the planning. Some of the activities of the group were selling House of Lloyd products, going Christmas caroling and giving out jelly jars, selling smile candles for Muscular Dystrophy, a recycling project, and a story hour at the library.

At District Convention Arapahoe came home with the honors. Diane Wilken won first in the Creed Speaking Contest, Susan Riepe took second in the Creed Interpretation, and the Chapter's poster captured first. Our sponsor, Mrs. Martin, was named an honorary member of the District.

## Seniors

There were only 13 boys that reported out for golf this year. They included seven eager freshmen, only one sophomore, three juniors, and two seniors. They were coached by Mr. Stoll and Scott Emmett. Their final record ended at 9-3. They placed 5th at the R.V.L., 8th in the Alma Invitational, 8th in the Invitational, and 5th in their District. All in all, this has been a pretty good year for the A.H.S. Golf Team.

## Man Overboard

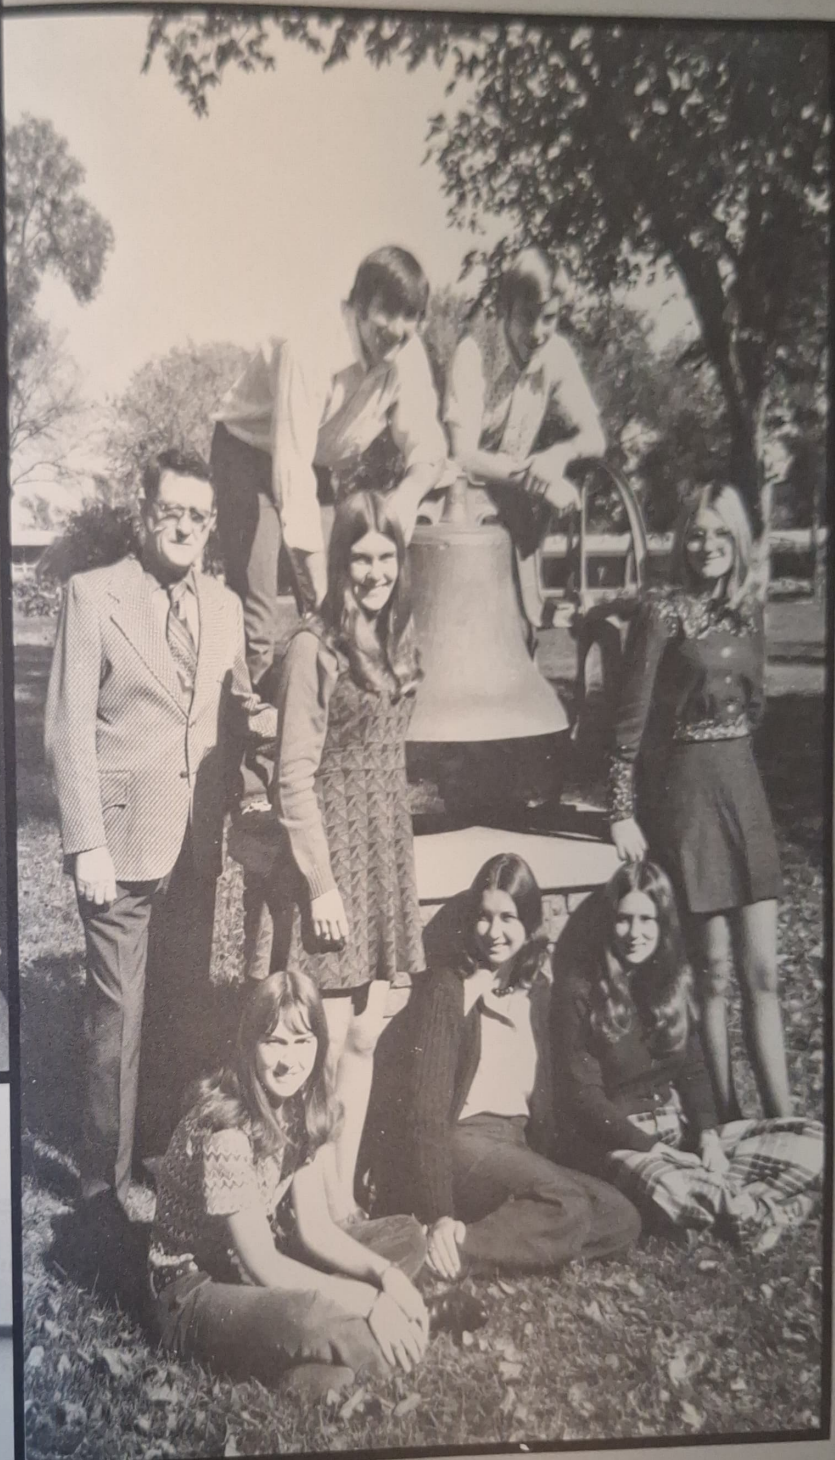

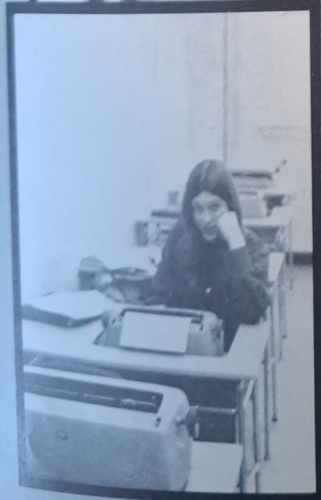

After three weeks of hard practice and fun, the Senior Class presented their play MAN OVERBOARD on Saturday, April 27, 1974. There was a lot of work involved both with play practice and in getting the stage ready for the play. But there were also a few fun moments such as a time-out for cake eating. Everyone agreed that all in all the play was a success.

## Senior Sneak

On May 3 the 1974 Seniors piled onto their Continental Trailways bus and headed for the Ozarks. Before our destination was reached, many of us conked out for a short nap.

We arrived at Kirkwood Lodge at 11:00 A.M. After numerous warnings and rules from our sponsors we got settled and began our adventures. We enjoyed swimming, boating, go-karts, airplane rides, helicopter rides, hot dog roasts, dancing 'til midnight or later, shopping, exploring (?), bumper cars, giant slides, and a couple of sleepless nights.

As we left this beautiful place, all of us knew there were many fun times to look back on with fondness.

# Graduation
